Methodology

The 2022 Asian American Voter Survey included 1,601 registered Asian American voters. The sample was obtained via up-to-date lists of registered voters as well as through a vendor panel screened for registered voters. The national sample includes Chinese, Filipino, Asian Indian, Korean, Japanese, Vietnamese registered voters. Interviews were conducted via cell phone (441) landline (190) and online (970). Surveys were offered in English, Chinese, Korean, and Vietnamese. The survey was fielded from April 19 to June 19, 2022. The majority of phone and online surveys were collected by ISA (Interviewing Services of America) with a small proportion (101) jointly fielded via ISA and APIAVote.
